The focus of the 5th webinar: The primary objective of the seminar is to delve into the understanding of educators about the Greek Revolution of 1821, the historical events from 1821-1827, and the heroes, and heroines of this period. At the same time, discussions and ideas for school celebrations during the National Holiday will be discussed, including theatrical performances, poems, songs, and presentations.

Exploration through the Webinar: The 5th Webinar encourages educators to reflect, explore, and engage in discussions revolving around the national anniversary of the Greek Revolution of 1821. Simultaneously, teaching methods and directions on the specific topic will be provided, along with exercises, activities, and games that will inspire students.

As the Department continues to promote continuous learning and professional development, this seminar is evidence of their dedication to the continuous

enrichment of Greek Language educators.

For further details or inquiries, educators are encouraged to reach out to the Director of Education, Dr. Anastasios Koularmanis.
