Archbishop Makarios of Australia on Saint Porphyrios and the sin of judging others

His Eminence Archbishop Makarios of Australia recounts an instructive story from the life of a new Saint of our Church, Saint Porphyrios of Kafsokalyvia, in his new video message, which he posted on the Instagram social networking site.

In the shocking incident described by His Eminence, St. Porphyrios highlights how great a sin judging someone is, a passion that leads the human person to judge and criticise all other people except themselves.
