A Church dedicated to Saint George Karslides being built in Tanzania

By the Grace of God and the blessing of His Grace Bishop Agathonikos of Arusha and Central Tanzania, the construction work of the Holy Church of Saint George Karslides in the area of Makambako continues.

Makambako is located in the south of Tanzania and is a new area where God’s providence has recently called the local Church to minister.

This is one of the new missionary operations of the Diocese of Arusha and it is everyone’s prayer that the Orthodox presence be established in this corner of Tanzania, so that the Word of the Gospel may be spread from one end to the other of the Diocese!
