At a time when digital media have become part and parcel of our lives, facilitating many of the everyday, and other, functions that occupy us, the Ebook has provided readers with access to an enormous number of publications and books.

These are books in digital form which are published with the possibility of being read on line, or, if they’ve been downloaded, on an Ebook reader, a computer, a cell phone, a tablet or some other electronic device.

Having maintained a continuous presence and witness in the digital world, especially that of Orthodoxy, Pemptousia is now giving readers the opportunity to acquire an outstanding series of publications from the Monastery and the Institute, in both Greek and English.
