

## **Archbishop Makarios of Australia visits Alphington Grammar**

Archbishop Makarios of Australia is proving to be the children's archbishop thanks to his focus on youth and happiness when he is surrounded by children. He was particularly pleased at Alphington Grammar School kindergarten. The school, founded by the Greek Community of Melbourne, is celebrating 30 years of education. Alphington Grammar Principal Vivian Nikou and the two deputy principals welcomed the Archbishop, who enjoyed learning about the school's curricula and having some down time playing with the children.
