

## Pre-camp Preparations at the Camping Facilities in Chuncheon

On Friday and Saturday of July 18-19, members of the youth couples group under the name “Aquilas and Priscilla”, together with members of the youth group “Syndesmos” made a pre-camp visit to the camping facilities of the Orthodox Metropolis of Korea in Chuncheon. The purpose of the visit was to prepare the premises, both inside and outside, to be ready for the camping periods. The participants worked diligently, taking care of every detail and created a welcoming and beautiful environment.

During the visit, the participants had the opportunity to attend morning and evening worship all together in the solemn church of St. Boris, and to enjoy fellowship and fraternal fellowship during meal times.

This initiative is another step in strengthening the bonds of the church community, preparing the ground for the summer camping project that will be an occasion of unity and spiritual nourishment for another year.

We wholeheartedly thank the Almighty God for for bestowing His blessings and providing good health and strength to complete this work. Special thanks are due to all those who participated in this project, giving their time and energy for their brothers and sisters in Christ.
