

## **The Bulgarian Patriarch Neophyte congratulated the children in the beginning of the school year**

The His Holiness The Bulgarian Patriarch Neophyte congratulated all students, teachers and parents in the beginning of the new academic year in Bulgaria.

“The day has come when many of you will cross the threshold of the Bulgarian spiritual school – the school, the place where you will be taught a wealth of useful knowledge. Accept this knowledge with curiosity and jealousy, follow what builds you as worthy Bulgarians and citizens of our beloved homeland”, said patriarch Neophyte in his address.

He wished the disciples, God to assist all disciples in the study of subjects and in the accumulation of new and useful knowledge. “Remember to hope in God, to grow up with the love with Him and the other person, to be an example in a ethic and moral aspect. You are the future of Bulgaria”, he said.

60,000 will be first graders students in the new 2019-2020 school year in Bulgaria.
