Avoid the negative people but do not judge them

When we focus on good, good grows.

When we focus on bad, bad grows.

That's why we should stay away from negative people because they have a problem for every solution. We should pray for them and love them but do not encourage them or cooperate too much with them because sin is failure to grow. We don't have to be extreme, just consistent. Let us not forget to not judge persons, just facts in order to be humble because God can save the sinners we are, but not the saints we pretend to be.
