We, the Rector of Tbilisi Theological Academy and Seminary, the members of the Academic Council and the Dissertation Committee, teachers, professors and members of the administrative board, express our absolute support to His Holiness and Beatitude, Catholicos-Patriarch of All Georgia, and unequivocally denounce the intentional campaign of slander which has lately taken place in such impertinent and insolent manner against the Spiritual Father of the Georgian Nation, the Holy Synod and the Church of Georgia. We are convinced that the hostile forces shall not realize their intention to discredit the merit and contribution of the foremost hierarch of the Church of Georgia to the Church and the Georgian Nation.
