Nuns from Valea Bistritei Monastery build house for 7-children family

The nuns from Valea Bistriței Monastery are building a house for a needy family with seven children, ages 7 to 15.

The monastery announced the project in August, noting that it was undertaken with the blessing of His Eminence Archbishop Irineu of Alba Iulia. The monastery asked for funds from any who wanted to help, and on November 3, it announced that the main structure of the house has been erected, and work is underway on the roof.

The house is scheduled to be finished in the coming year.
