

Patriarch of All Romania on importance of prayer in daily life

The Patriarch of All Romania, His Beatitude Daniel, told congregants during a sermon at Bucharest's St. Gregory chapel that contemporary man continues to make the same mistakes, because, as he said, "...prayer is totally absent from our lives".

The Romanian Patriarch added that two main concepts emanate from the Scriptures, namely, that salvation comes from true faith, and also, that such faith has an impact on one's personal life.
