Donation to Jordan by Patriarchate of Jerusalem

In the Middle East, the Patriarchate of Jerusalem, with the blessing of the Patriarch of Jerusalem, His Most Godly Beatitude Theophilos III, donated 65,000 euros to Jordan's health ministry, in order to aid efforts in that country to prevent a Covid-19 outbreak.

Halfway around the world, **the Holy Metropolis of Korea called on the faithful to raise their voice in prayer each evening from 10 to 10.15 p.m**.

As we've repeatedly stressed over the past week, in these difficult hours, where humanity faces the threat of a pandemic, we call upon the people of God to rally, spiritually, through common prayer, to become one body, and one supplication to the Life-Giving Christ, for salvation.

In the evening, in the first quarter of the hour after Ten, let us rouse and unite in prayer.
