Feature on Holy Metropolis of Kisamos and Selinos

Also on the pages of the Orthodoxia news agency today you'll find a video travelogue to the Kastelli district of western Crete, for a feature on the local Metropolis.

The Holy Metropolis' works and contributions in the fields of healthcare, education and charity have touched the lives of the region's residents. The feature also highlights the pilgrimage sites in the Metropolis and an interview with His Eminence Amphilochios, the Metropolitan of Kisamos and Selinos.
