Ladies auxiliary of St. Marina parish honored for assistance towards quake-stricken in Durres region

Members of the ladies auxiliary of the St. Marina parish, in the east Athens district of Ilioupolis, who participated in the collection and dispatch of humanitarian aid to Albania, were honored this week.

The aid, some six tons, was transported to Albania last January in support of the quake-stricken in the Durres region. The aid was delivered to the St. Vlasios Monastery, which hosted some 250 area families.
