

Distribution of Easter Eggs and Holy Unction in the Houses

On Easter Sunday, after the Vespers of Love, which was celebrated, with «the doors closed», just like the rest of the Holy Services of Holy Week, our Clergy along with members of the Church Council of the Cathedral of St. Nicholas Seoul, organized in small groups visited the houses of our Orthodox faithful and the catechumens to exchange with them the Paschal greeting: “Christ is Risen” and to hand them the Easter eggs as well as portion of the Holy Unction.

With great joy and emotion, after a long time, due to the covid-19, the faces of the dear believers and the catechumens were seen again. The meeting with them took place outside their houses, observing all measures to protect their health.
