St. Photios National Shrine Unveils New Website

Saint Photios National Shrine is proud to unveil its new and improved website!

Commenting on the new website, Bishop Demetrios of Mokissos, Hierarchal Proistamenos, stated, "I am grateful for the contributors to this project. Our website is more navigable, with more access to information and will be continually updated. Users will also find it more consistent with the websites of our Holy Archdiocese and its many National Ministries. It is an excellent way to get to know us short of actually visiting."

Please visit the new website at: <https://stphotios.org/>
