Central Youth Committee of NSW- Truth Seekers Episode 2 (VIDEO)

The Central Youth Committee (CYC) of New South Wales has released the second episode of Truth Seekers where His Grace Bishop Emilianos of Meloa explores the question, 'What do we say to those claiming that Christianity is a way of controlling people? Is it?'

What's covered in this discussion:

Christ sets the ultimate example of love and freedom.

What about spiritual fathers who use fear and guilt to control people?

If God is freedom, then why does He give us guidelines to follow?

GCT previously announced the CYC of NSW were launching a new series with His Grace Bishop Emilianos of Meloa titled 'Truth Seekers'.

Watch the first episode of Truth Seekers- 'How do we discuss our faith with others without seeming preachy?'

Following the largest ever youth Conference held in New South Wales, 'Assemble 2020', youth and young adults of Australia submitted 100+ questions regarding their Greek Orthodox religion.

The new series answers the questions and seeks the truth.

The CYC of NSW set their mission statement as “unity which strengthens the youth of our Holy Orthodox Church and cultivates the renewal and development of their faith.”
