Health of Bishop Budimlye and Niksic improving

The health of the Bishop Budimlye and Niksic, His Grace Ioannicus, is steadily improving, according to an official announcement issued his bishopric.

His Grace had been tested positive for the Covid-19 virus.

The hierarch was appointed as the administrator of the Metropolitanate of Montenegro and the Littoral by the Patriarch of Serbia, His Holiness Irinej, after the repose of Metropolitan Amphilochios.
