

A People's Kitchen of the Diocese of Backa has started working

With the blessing of the Bishop Dr. Irinej of Backa, the first fifty cooked meals were distributed to the users of the People's Kitchen of the Diocese of Backa on the feast-day of the Holy Great Martyr Demetrius of Thessalonica and the Holy Martyr Nestor, on November 9, 2020.

The meals were taken to the addresses of the immovable users of the People's Kitchen. On weekdays, in the premises of the People's Kitchen (next to the Church of the Ascension of the Lord at Klisa, Novi Sad), one cooked meal will be distributed for 50 people, while the users of the Kitchen will be given a dry meal every weekend, next to the cooked meal every Friday.

All those who live in Novi Sad should contact their parish priest in the nearest Orthodox church and be informed about the details of applying for the use of the services of the National Kitchen.

This charitable activity began as an expression of the Church's love and care for the man in the Diocese of Backa.
