Fundraising campaign launched to support construction of a new campus in the Three Hierarchs Academy, Arizona - (VIDEO)

The Academy is growing rapidly, together with its children! It has started a [new campaign](#) to help remedy its limited capacity issue and to begin construction on a much-needed, permanent new campus. These developments will ensure that Three Hierarchs Academy continues to grow in a sustainable manner, offering an environment of love, founded on Orthodox Christian values and whole-child formation.

The Academy sincerely thanks the faithful for their support during the past two years!

With the help of the faithful, the Academy has been able to begin work on its

custom Orthodox curriculum, install a new swing-set, grow its student body, hire new staff, make facility improvements, and offer need-based scholarships.

However, the Academy reached its physical capacity limits and had to turn down several families.

Its goal is that every family seeking the finest Orthodox educational experience for their children will find this opportunity available to them at Three Hierarchs Academy.

Your gift today will help the Academy to meet its immediate needs, including expansion of classroom facilities, building of a much needed library, indoor PE and life skills facilities, and athletic fields.

Click the link below to visit the Academy's GoFundMe page and make your tax-deductible contributions:
