The Middle East Council of Churches provided health services to 800 beneficiaries in Lebanon

Amid the economic crises in Lebanon, the team of Our Lady Dispensary, affiliated to the Middle East Council of Churches and located in Sabtiyeh – Lebanon, helped 800 people affected by the difficult living conditions, by providing medical services, which prices are increasing daily.

Therefore, the team continued distributing medication especially to elderly with chronic illnesses who rely on this aid at the end of every month. Additionally, MECC continues partial cure to cancer patients through purchasing of medication and cycle treatments. The council also distributed 440 pharmacy vouchers for chronic illnesses to families that are in need or that have been affected by the Blast.
