

Antioch Patriarchate: Patriarch John X meets with the Bishops and Priests of Damascus and its Countryside

His Beatitude John X met with the bishops and priests of Damascus and its countryside in the Patriarchate.

The meeting included a lecture by the Very Reverend Archimandrite John Al-Talli on the priest's role in pastoral family care. This lecture, based on his new book "The Family, an Icon of the Church", came within the context of the reflections on the family that were launched in the last session of the Holy Synod.
