## Int' Women's Day commemorated by children at Romanian Patriarchate's preschool

The Patriarchate of Romania's Annunciation preschool commemorated International Women's Day - annually observed on March 8 - with a modest celebration on Monday, complete with the reciting of poems, songs and hand-made gifts bestowed by the children to their mothers.

Due to ongoing Covid-19 restrictions in place, the celebration was videotaped and sent to the children's families.
