Wandering the Desert Podcast

Reflections from a Stumbling Pilgrim

People are lonely, and they often tend to feel adrift in the spiritual life. As such, it's really easy to get discouraged and feel like no one else is in the trenches with you, struggling with the same things as a normal part of the spiritual life. This podcast from Y2AM – Orthodox Christian Youth and Young Adult Ministries and Ancient Faith Ministries aims to normalize the struggles and the difficulties of the spiritual life without relying on sagacious advice or strategies.
