Divine Liturgy commemorates 32 saints of Evia

The Metropolitan of Halkida, Istiea and the Northern Sporades isles, His Eminence Chrysostomos, on Sunday co-officiated at a con-celebratory Divine Liturgy at the Cathedral of the 32 saints of Evia — in the large island's capital, Halkida.

The service in commemoration of the 32 saints of the large island, which straddles mainland Greece's eastern shore, was co-officiated by the Bishop of Orei, His Grace Filotheos, the First Secretary of the Autocephalous Orthodox Church of Greece's Holy Synod.
