First Program in the Parish Leadership Series at Hellenic College/Holy Cross Released

The Department of Stewardship, Outreach, and Evangelism Releases the First Program in the Parish Leadership Series at Hellenic College/Holy Cross
Providing for Ongoing Training for Parish Leaders

In order to provide ongoing training for parish leadership, the Department of Stewardship, Outreach & Evangelism has released the first session of the Parish Leadership Series at Hellenic College-Holy Cross. This program invites qualified individuals to speak at Hellenic College/Holy Cross on various topics relating to parish leadership and ministry. These talks are recorded and provided online for reflection before parish leadership meetings, seminars and individual training and inspiration. Each one-hour talk is presented in four parts, to allow for time constraints in viewing the presentation. In addition, a series of “Leadership Moments” is provided for quick reflection on the theme.

According to Fr. Jim Kordaris, Archdiocese Director of Stewardship, Outreach & Evangelism, parish leadership training is the key to successful stewardship, outreach & evangelism in the parishes.

Visit www.Outreach.goarch.org to view the program.

This program is made possible by a generous grant from Leadership 100. It is produced by the Department of Stewardship, Outreach & Evangelism in cooperation with the Missions Institute and Hellenic College/Holy Cross, the San Francisco Metropolis Missions and Evangelism Ministry and the Metropolis of Denver Department of Parish Health and Church Growth.
