Patriarch of Romania Daniel: Unity of Church based on proper faith; preserved with constant prayer

The Patriarch of All Romania, His Beatitude Daniel, in a sermon on Sunday from the Patriarchal chapel of St. George in Bucharest, underlined that the unity of the Church is very difficult to maintain in a world susceptible to sin.

He added, “…this must be a constant concern for society, for the souls of the flock; the unity of the Church is based on proper faith and is preserved with constant prayer.”
