New Metropolis of Atlanta Ministry Website: The OCAA

The Orthodox Christian Academy of Atlanta was founded in 2019 with the goal of bringing the achievements of academic scholasticism into an Orthodox ethos. The world of today contains a variety of opinions, theories, and findings; while in the Orthodox Faith, decisions must be made collectively, for the good of all. Therefore, the mission of the Orthodox Christian Academy of Atlanta (OCAA) is “to foster dialogue between the Church and contemporary society.” This is accomplished through collective conferences, symposia, panels, and lectures held at the Metropolis’s Diakonia Retreat Center, which involve professors and academics, both within the southeastern United States, as well as outside.

For more information, including past programs and future conferences, please visit the Academy’s official website at: ocaaatl.com/
