Romanian artist’s unique work in honor of Romanian Patriarch’s 70th birthday

One of the congratulatory messages sent to the Patriarch of All Romania, His Beatitude Daniel, on the occasion of his 70th birthday, was an exquisite and original work by young artist Cristian Leana.

The young man, known as Mr. Puzzle, used more than 700 Rubik’s cubes to portray the Patriarch of Romania. The process, which lasted almost seven hours, was recorded and published on the latter’s YouTube account.
