# Retreat Camp in Ulsan

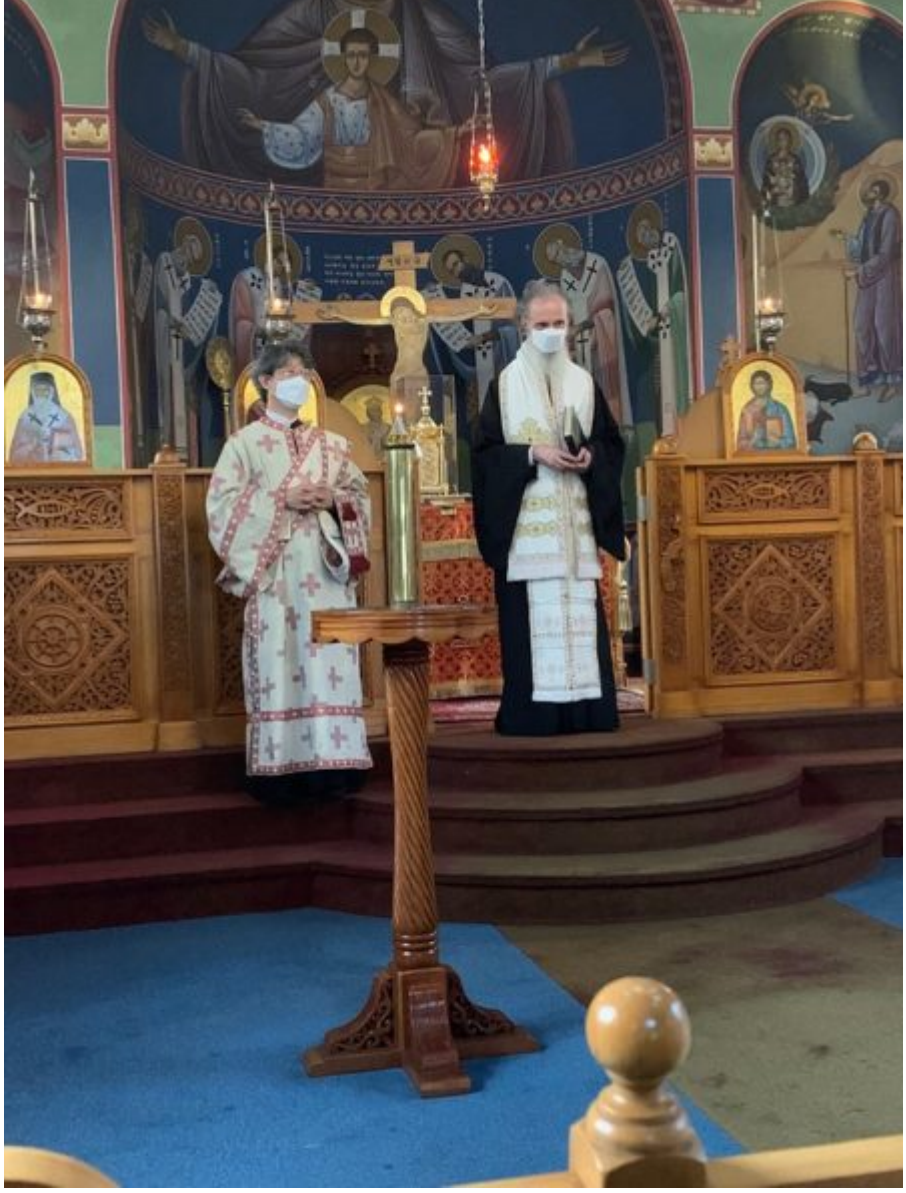

On the weekend of July 24 and 25, a two-day Retreat was held in the parish of St. Dionysios of Aegina in the city of Ulsan.

Due to the restrictive measures, for the protection of the children from COVID-19, the attendance of the students of Elementary, Middle School and High School, was partial. Discussions revolved around the topics: “Communication in the Digital Age” and “Practicing the Virtue of Self Control in the Proper Use of Electronic Media”.

The participation of the children in the Great Vespers on Saturday and in the Holy Services of Sunday was a great opportunity for spiritual nourishment.

We praise God for the great opportunity to once again have face-to-face communication after many months which was especially joyful for everyone.
