His Beatitude Theodoros II blessed the new Secretariat building for the Metropolis of Kampala

On the 17th October after the memorial service of late Metropolitan Jonah, His Beatitude Theodoros II blessed the new Secretariat building for the Metropolis of Kampala. This building was constructed with support from fundraisers made by the Consulate of Uganda in Greece and support from friends of our mission in Romania. The Patriarch also laid a foundation stone for the Uganda Orthodox Church pension house envisioned to be an income generating project for the Church.
