Representation of the Russian Church takes part in a humanitarian action in Syrian Bosra

On November 18, 2021, a humanitarian action took place in Bosra in southern Syrian Daraa District. It was organized by the Russian national veteran organization “Boevoe Bratstvo” (Combat Brotherhood) together with the Center for the Reconciliation of the Opposing Sides and the Russian Orthodox Church Representation to the Patriarchate of Antioch. One of the general education schools received warm winter jackets, school backpacks, office equipment and sweets.

Participating in the action were also members of the inter-agency delegation who came to Syria from Russia to attend a conference on the repatriation of refugees.

After the humanitarian action, its participants visited the ruins of ancient Bosra (“Vosor” in the Russian Synodal translation of the Bible).
