St Nicholas Greek Orthodox Church in Darwin resumes Sunday services

Normal service was resumed at Darwin's St Nicholas Greek Orthodox Church on Sunday with Father Joel Xanthos back at the helm, NT News reports.

According to the newspaper, attendees were tight-lipped about why Father Joel was back but said the service had been cleared by the NT chief health officer and police.

This comes after the Cavenagh St church suspended its Sunday service on November 21. Instead, a collapsible table was set up outside and covered in candles, pictures of saints and bushels of basil.
