# Christmas message by Archbishop Thyateira & Great Britain Nikitas

The Archbishop Thyateira and Great Britain, His Eminence Nikitas, this week also issued his Christmas message for 2021.

Among others, His Eminence touched on the last two difficult years and the pandemic's severe consequences to humanity saying that: "...Together, we have crested many waves in this prolonged viral pandemic, and we hope that calm waters are within reach. While we mourn those who are no longer with us and give thanksgiving for the resilience and courage displayed by humanity over the last two years, we now live in a changed world, more aware than ever of our fragility and vulnerability".
