

Christian primates in Jerusalem issue call for global peace, multi-religious nature of Holy City

Thirteen Patriarchs and Primates of Christian Churches in Jerusalem have issued an Easter Message, stressing they are praying for a lasting peace throughout the world and urging for the multi-religious and multi-cultural status of Jerusalem to be maintained.

The statement reads:

“....The Feast of the Resurrection reminds us that human dignity is to be respected and honored ... Jerusalem is a beacon of hope, the spiritual leaders call on believers to pray for the regions of violence and distress and for women and children who face violence”
