The Youth Camp of the Orthodox Metropolis of Korea has Concluded

By the grace of God, the Youth camp of the Orthodox Metropolis of Korea for this summer in Chuncheon has concluded successfully.

The children enjoyed a happy and creative holiday, while learning English and living the Christian life in daily practice. It warmed our heart when, the day before the conclusion, a child exclaimed, “At the camp I learned to love Christ more!”

Warm thanks go to the competent staff and the volunteer ladies who both worked with zeal for the realization of this sacred work. May the Lord reward them “a hundredfold” for their labors of love.

Let us meet everyone at the winter camp!
