MBC Summer 2022 Comes to a Close

Image not found or type unknown

MBC finished its 33rd summer of camp on July 31st, 2022. Over five hundred young people from across New England and the United States gathered for five weeks of camp to engage in fellowship, fun, meaningful conversation, and prayer. In addition to many engaging activities, campers spent a substantial amount of time with close to 20 clergy from across the Metropolis and the country, reflecting on the Summer's theme, "Seek first the Kingdom of God" (Matthew 6:33). With a staff of over 100 young adults, dozens of clergy from across the Metropolis, and many volunteers, Summer 2022 was a huge success! MBC thanks the many faithful and generous individuals and parishes that support MBC year-round making the impactful and transformative five-week summer experience possible. With close to a 30% increase in enrollment from Summer 2021, MBC expects a record turn out for its annual Fall Camp planned for Columbus Day Weekend this October.
