## Warning by association of Greek archaeologists regarding Hagia Sophia

Greece's association of archaeologists, in a letter directed to the Director-General of UNESCO, Audrey Azoulay, warned that the future of the iconic Hagia Sophia Cathedral in Constantinople is gloomy, following the reconversion of the greatest of all basilicas of eastern Christendom into a mosque in July 2020.

In the center, the text reads "Saint Joseph the Hesychast" in orange, "Documentary" in blue, and "Click here to watch" in blue with a hand cursor icon. On the right is a small image of a man in a dark robe, likely the subject of the documentary.
