Five Loaves Initiative in Melbourne presents: “The importance of homelessness awareness”

The dimensions of the phenomenon of homelessness will be attempted to be highlighted by the “Five Loaves” Initiative, through an informative event it is organising in Melbourne, in which Eleni Andrianakis and Jody Murry will speak.

During the event, issues related to homelessness will be discussed, including the phenomenon of “hidden homelessness”, as well as mental health, drug and alcohol addiction, and issues relating to people who have been incarcerated.

This is an issue that we should all be interested in, note the organisers of the event, who invite everyone to attend next Thursday, September 8, at 7 p.m., at St Catherine’s Greek Orthodox Church, Malvern (3B Epping St, Malvern East VIC 3145). Following the talk there will be light refreshments offered to all.
