Patriarch of All Romania Daniel urges faithful to become ‘hands’ of the merciful love of God for unborn children

A message by the Patriarch of All Romania, His Beatitude Daniel, in support of unborn children and pregnant women facing difficulties, was read out this week at a national assembly of centers for the support of pregnant mothers, which is being held in Bucharest.

His Beatitude underlined that all people are called upon to become the hands, as he said, of the merciful love of God for unborn children.
