Patriarch of Serbia Porfirije continues pastoral visit to United States

The Patriarch of Serbia, His Holiness Porfirije, continued a pastoral visit to the United States this week, visiting the Monastery of Nova Gračanica and the faculty of theology of the St. Sava Seminary in Libertyville, Illinois.

On that occasion, Patriarch Porfirije spoke with professors and students on ways to improve the work of the only Serbian theological school in the United States.

His Holiness later traveled to Milwaukee, Wisconsin, where the local Serbian Orthodox parish is celebrating the 110th anniversary of its establishment.
