## **The Ecumenical Patriarchate participated in “Earth Hour 2023”**

The Ecumenical Patriarchate participated again this year in the international initiative of the World Wildlife Fund for Nature (WWF), “Earth Hour 2023”.

In this context, on the evening of Saturday, March 25, at 20:30 and for one hour, the external lighting of the Patriarchal House and the Patriarchal Church in the Phanar were turned off, in a symbolic move to raise awareness of the world public opinion on the need to protect the natural environment and natural resources, as well as to address the phenomenon of climate change.
