Holy Week and Pascha in the Orthodox Metropolis of Korea

With feelings of unceasing praise to God, and spiritual uplift, all the parishes of the Orthodox Metropolis of Korea celebrated the Lord's Passion and glorious Resurrection.

After the many obstacles during the three previous years due to the pandemic, for the first time during this year's Holy Week and Easter, the participation of the faithful was very large.

May the Light, Love, and Hope that flowed from the life-giving Tomb of the Risen Lord enlighten the hearts of all the people.
