Since reopening the school in 2022, there has been a significant increase in student enrollment, expansion of qualified faculty, and a robust demand throughout the United States for the opportunity to learn the traditional ecclesiastical music of the Orthodox Church.

The School of Byzantine Music aims to educate and develop competent cantors in the Psaltic Art. It uses a virtual learning platform that improves access to high quality education in the Psaltic Art to students throughout the United States.

The school is funded in part by the generous support of Leadership 100.
