Dr. Gregory G. Papadeas hosts Senior Dermatology Residents from the University of Athens

Dr. Gregory G. Papadeas hosted two senior dermatology residents, Evdoxia Panou, M.D. and Konstantina Papadaki, M.D., from the University of Athens to spend a few weeks with his practice and the University of Colorado. Their rotation was from September 5, 2023 to September 22, 2023. Their travel, housing, and food expenses were all covered thanks to a cooperative effort by the University of Colorado, Advanced Dermatology, His Eminence Metropolitan Isaiah of Denver and the Denver Greek community.

The residents' time at the C.U. Department of Dermatology and Dr. Papadeas's private practice allowed them the opportunity to learn from their educational process and methods. This opportunity to increase their knowledge and experience provided the residents with new skills they can utilize to continue to offer high quality medical care in their homeland.

Drs. Panou and Papadaki attended and presented a Case Report alongside C.U. residents at the annual Colorado Dermatologic Society Conference.

The residents were very appreciative for the opportunity to participate in this educational experience, and the Metropolis of Denver was happy to welcome them.
